## Walk-In Center

### Walk-In Center

P: 203.276.8575

292 Long Ridge Road, Suite 104, Stamford

Open Monday-Friday, 8 a.m.-8 p.m. and Saturday-Sunday, 8 a.m.-5 p.m.

The Stamford Health Medical Group (SHMG) Walk-In Center is an integrated extension of our primary care locations, offering convenient morning, evening and weekend hours for all non-life-threatening medical needs. If your illness or injury requires advanced care, a referral to the appropriate primary care physician or specialist can be made.

We welcome and encourage walk-in patients, but do offer scheduled appointments for your convenience. SHMG Walk-In Center is an in-network provider with all of the major insurance carriers. Primary care office co-pays apply, so you can avoid the added expense of urgent care and emergency room fees.

### Reasons You May Visit the Walk-In Center:

- Abdominal pain
- Allergies/asthma
- Back and neck pain
- Bronchitis
- Coughs and colds
- Diarrhea
- Dizziness
- Ear infections
- Eye infections, including conjunctivitis
- Fatigue
- Headaches
- Heartburn and reflux
- Joint aches
- Muscular aches and pains
- Nausea, vomiting
- Physicals for school, sports or DoT
- Rashes and skin conditions
- Sinus conditions
- Sore throat/strep throat
- Urinary tract (bladder) infections
- Vaccinations
